VOL. XXXVI.

STANFORD, KY., FRIDAY, AUGUST 28, 1908.

NO. 51.

ADAM M. PENCE,

Was a native of Lincoln county, Ky., a farmer from choice, a Methodist by profession and rich experience in grace. He was one of the principal men in Stanford Methodism. He was called higher a few days since, and has gone to join the victorious host in that country beyond the stars, where the shadows never fall, disease and suffering are unknown, and old death the despoiler of human hopes, and tomb builder of the centuries, is shut out forever. I feel to congratulate him on his triumph. He won it on a well fought field, of some peculiar tests, and demonstrated the grip of faith and possible walk with God, using the means of grace. His conversion bound him to God, in a covenant, which was never broken, and dated the beginning of a walk in righteousness, that ended in glory. His religion controlled his life acts; his chief efforts was to please God, and engage in farming, to pay expense. He knew how to make money, and God prospered his plans, and he practiced the Wesleyan rule, make all you can, save all you can, and give all you can. He was a Missionary in spirit, and by princely gifts, of money both at home and in foreign lands, his last benefit was for Christian education. His private secretary says, he gave more money for benevolent enterprises than any person knows, he sowed bountifully by the side of many waters. It was his pleasure to be about the parsonage when a new pastor came, and hitched on to him and never balked, saw what should be done in the way of repairs and furnishing, and it came to pass.

He was the most original man, as to thought and expression, I ever met. He saw men and things close, and when he concluded his say, his company had his opinion, full and free; he saw the nail, and hit it on the head. No man thought he meant a shovel when the subject in hand was tongs. I regret to lose such a man out of Methodism; it leaves such a vacancy. To me it appears, like one end of the Church called Methodist at Stanford, has fallen out. His place can only be filled by a spirit like his, and we will never see his like again. Religion was his thought and conversation; if he did not take his company on it first, he did not hold off until second came slowly on. There was no escape from him on his most interesting subject, only by flight. The last morning he saw on earth, an old colored man came for seed corn saying I am so tired in body. After supplying his want, he engaged him on religion and its comforts, and the great beyond. He seemed to have a presentment of his departure. When the colored friend rose to start, he said, I feel rested Mars Adam, in my body and comfort in my soul since you talked to me about that good country.

That evening, while loading his wagon out of the barn, he sank down into unconsciousness, from which he never recovered, and passed on a few hours later, into that unseen land where real life begins, where the soul is uncaged, the workman finds the highest employment and happiness eternal is reached, and its sun never goes down. He has gotten his crown.

Miss Hammonds Visits Niagara Falls and Cities of the East and Writes Entertainingly of Them.

On Saturday morning, Aug. 15, a congenial party of 15 members, chaperoned by Mrs. Jake Joseph, left Lancaster for Niagara Falls and other points of interest. At Paris we were given a special train, which runs thro' to the Falls, and were joined by parties from Nicholasville, Winchester and other towns, making a select crowd of 300 Kentucky pilgrims, whose eyes were turned toward the wonder spot that has attracted tourists from all parts of the world.

Routed via the C. H. & D., we passed through the most beautiful part of Ohio, stopping at Hamilton, Dayton and Toledo. From Toledo we were carried 60 miles along Lake Erie, then into the farming districts of Canada. Like Ohio, the fertile fields of Canada stretch out as far as the eye can reach and in all these acres a hill is seldom seen. One point that impressed the farmers was the fences, made entirely of stumps (a good suggestion for those inclined to be lazy.)

After a night's ride through Canada, we reached the Falls, getting our first view of Table Rock. Realizing that all these glories were never touched by the hand of man but were the workmanship of our Creator, we seemed to be walking on hallowed ground. Here one can look for weeks and months—the great falls, the grand canon, the wonderful whirlpool, the chasm along the gorge can only be appreciated by personal observation. It is a thrilling experience to stand and watch the thousands of tons of water crash down upon the rocks that tremble beneath the blow, and see the columns of mist rising up, interwoven with rainbows.

Crossing Lake Ontario, we took the side trip over to Toronto, the metropolis of the fairest province of Canada. While a modern city, Toronto boasts of its history and tradition. The manufacturing and wholesale industries will compare with those of any American city. Ample provision has been made for this and future generations in the way of parks and pleasure places, 1,500 acres being devoted to these open air spaces. A part of this space is taken up by the Woodbine race track, where some horses owned by Lincoln county men have made splendid records.

Returning via Buffalo, we were impressed with one of the most beautifully constructed of all Eastern cities. Here we were shown the leading hotels, the McKinley monument, the famous Delaware Avenue, on which are situated the homes of Buffalo's millionaires, the Albright Art Gallery, the Soldier's Monument and the crematory (which the Irish chauffeur said was running in opposition to the cemetery.)

After leaving Buffalo on one of the finest and fleetest steamers that ply the Great Lakes, we enjoyed a 300-mile ride across Lake Erie, landing at Detroit. This city is the hub of tourists and traffic and presents many pleasing attractions. It seems that one could never approach a more perfect paradise on earth than Belle Island, the never failing source of delight to many thousands of citizens and visitors. It is a delightful retreat with a world of flowers and shrubs, intersected with placid lagoons and winding canals. Here is found the second best aquarium in the world. We were entertained royally in Detroit, but on the eve of our departure, when the band struck up "My Old Kentucky Home," we did not forget that we were residents of that State, and realized with Goldsmith: "Such is the patriot's boast where'er we roam, His first, best country ever is at home."

Served as coffee, the new coffee substitute known to grocer's everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc. have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute," too. No tedious 20 to 30 minutes boiling. Penny's Drug Store.

The next meeting of the Eighth District Publisher's League will be held at Estill Springs Sept. 4. Every newspaper man in Kentucky is cordially invited to attend and bring his wife or sweetheart.

She—I see where a fellow married a girl on his death bed just so she could have his millions when he was gone. Could you love a girl like that?

He—Sure I could love a girl like that. Where does she live?

August time, tells on the nerves. But that spiritless, no ambition feeling can be easily and quickly altered by taking what is known by druggists everywhere as Dr. Shoop's Restorative. Within 48 hours after beginning to use the Restorative, improvement will be noticed. Of course, full health will not immediately return. The gain however, will surely follow. And best of all, you will realize and feel your strength and ambition as it is returning. Outside influences depress first the "inside nerves" then the stomach, Heart, and Kidneys will usually fail. Strengthen these failing nerves with Dr. Shoop's Restorative and see how quickly health will be yours again. Sold by Penny's Drug Store.

The first use of the word "strike" in its present accepted sense occurred in the London Chronicle in 1765. In September of that year are many references to a great suspension of labor in the northern coal fields, and the colliers are stated to have "struck out" for higher wages.

Attention, Asthma Sufferers! Foley's Honey and Tar will give immediate relief to asthma sufferers and has cured many cases that had refused to yield to other treatment. MIDDLEBURG.

Our people should keep cool on the Graded School question and not give Gov. Willson occasion to send soldiers here.

Charles Mullins, of Kidd's Store, and Miss Jennie Hall were married on the 20th. The bride is a daughter of Mr. and Mrs. Abe Hall and is pretty.

The trustees of this school district met here Monday and elected C. M. Perkins, of the Turkey Knob district, chairman, and U. S. Tapscott, of this district, secretary.

R. B. Young has about completed his residence adjoining the bank and it is the prettiest in town. He has had several opportunities to sell but has refused and will occupy it himself as soon as he can persuade some young lady to do his housekeeping.

Mrs. W. I. Gann, of Nashville, is with her daughter, Mrs. John Coulter, at Yosemite. Mrs. Laura Lee and daughter, Miss Bessie, went to Kingsville Saturday to see Frank Lee, who is sick. Miss Nannie Mills, of Ellisburg, was here with Miss Willie Fogle. Stanley McIntosh, the tallest and most polite bank cashier in the State, spent Sunday with Dr. and Mrs. Haney. Mrs. Gussie Delaney, of Arabia, has been with relatives here for a week or so.

It is just four miles from Middleburg to Mt. Salem, and yet a letter addressed to a friend at Mt. Salem is just 24 hours in reaching its destination. It is placed in the mail sack here and carried to McKinney; there it changes hands and is carried North to a point somewhere this side of kingdom come, when again it changes hands and is carried to Hustonville, where it remains over night. Next morning it is given over to the rural carrier, who delivers it at his leisure. This is one of the blessings of rural delivery of mails.

These hotels I am sure have an idea that no man in moderate circumstances would ever be foolish enough to come here. Therefore, made up their minds that only those who had more money than brains would venture so close to the ocean. They go on the idea "a fool and his money soon part," and charge \$100 a week for a man and his wife; front room overlooking the ocean. So that's what they are doing to me, which I at first thought was robbery. But when I can sit at our front window and see five thousand people at one time, over half of them women in bathing suits, exposing to view arms, neck, feet and nether limbs, I take it all back—they don't charge enough. That is decidedly the best bargain I have made since I landed.—Col. Bill Thorne at Atlantic City.

A TAX upon consumption, even when laid with absolute impartiality, bears heaviest upon the poor, because our necessities are much more uniform than our possessions. People do not eat in proportion to their income; they do not wear clothing in proportion to their income; they do not use taxed goods in proportion to their income. As all taxes must come of one's income, no matter through what system levied or collected, they are, in effect, income taxes, the largest per cent being collected from those with the smallest income and the smallest per cent from those with the largest income. It is only fair, therefore that in an attempt to relieve the people from the iniquity of a high tariff, the poor, who are overburdened should be given first consideration.—Bryan's tariff speech at Des Moines.

THE Baltimore American is in a class by itself. It began publication in August, 1773, and is therefore 135 years old. It relates that among its achievements it was the official printer of the Declaration of Independence. The Star Spangled Banner was first printed in its columns. It was the first advocate of public schools in Maryland. It was the first champion of Morse and the electric telegraph. In fact, the American has been a leader in many directions, both in its own State and in the press of the United States. It is more prosperous than ever and conducted with higher ability than in the old days.

THE Negro Lewis, whom the president appointed assistant district attorney of Boston, when after appointing Dr. Crum collector of the port of Charleston, he was taunted that he had appointed a Negro to office in the North, is said to be slated for assistant attorney general. This would place him over several Southern men. It will be interesting to note if they will stand for it. A Northern newspaper states that there could be no possible reason for promoting Lewis to be assistant attorney general except the desire to hold the colored vote for Mr. Taft.

JOHN W. KERN, the democratic candidate for vice president, was formally notified in Indianapolis of his nomination. The speech of notification was delivered by Theodore Bell, and addresses were made by Mr. Kern, W. J. Bryan and Thomas R. Marshall, the democratic nominee for governor of Indiana. The meeting was held in the elaborately decorated Colosseum at the State fair grounds, and was attended by many thousands of people regardless of party. Mr. Bryan and Mr. Kern received ovations when they appeared to speak.

THE Kentucky State Journal will soon begin to issue seven papers a week. It has heretofore printed no paper on Monday. There will be no advance in the price and it will get 365 copies instead of 313. Now is the time to subscribe.

HON. W. REED EMBRY, formerly of the Advocate, will move to Louisville and become general manager of the Berry Land Co., much to the regret of the good people of Danville.

THE good women will help elect Bryan and Kern in Colorado, Idaho, Utah and Wyoming. If they could vote in every State in the Union there's no telling what the democratic majority would be.

POLITICAL.

Mr. Bryan has canceled speaking engagements in Georgia in order that he may remain in the debatable States. It is stated that Senator W. O. Bradley will open the republican campaign with a big speech at Bowling Green on Sept. 10.

Funds turned into the Democratic National Committee by five daily newspapers and Mr. Bryan's Commoner amount to \$19,438.

Wade H. Ellis, of Ohio, will probably accept the place as First Assistant Attorney General of the United States, though definite announcement has not yet been made.

William J. Bryan has canceled an engagement to speak at the State Fair at Syracuse, N. Y., for the reason that the fair managers insisted on charging an admission fee.

There was an old man in Nantucket who carried his lunch in a bucket; and now the poor man has no lunch in his can; Republican misrule has tuck it.—Houston, Texas, Post.

John C. Voris has resigned as police judge of Danville and has moved to Georgetown. W. Owen McIntyre, William Roberts and Henry G. Sandifer want to succeed him.

Fully 1,000 Republicans attended the harmony conference at Des Moines, Ia. Gov. Cummins announced that he would call a special session of the legislature to settle the senatorial muddle.

A special session of the Georgia Legislature began Wednesday and several bills abolishing the convict lease system were introduced. Gov. Smith recommended that the prisoners be used on the public roads.

Judge J. B. White, of Irvine, and Howard Stamper, of Campton, were chosen by acclamation as candidates of the Democratic party for Circuit Judge and Commonwealth's Attorney, respectively, of the Twenty-third judicial district.

Mrs. Lucy Burke, wife of Dr. W. B. Burke, of the Shelby City section, died after a brief illness. She was 59 years old.

Bud Phillips and E. Gillis, well-known young men of Washington county, were placed in jail at Lawrenceburg with the charge of horse-stealing registered against them.

President Nat Halstead, of the National Fox Hunters' Association, has announced the following committee to fix the time and place for holding the coming annual field trials: Woods Walker, Paint Lick; Col. Jack Chinn, Harrodsburg; Joe Deatherage, Richmond; R. J. Fink, Louisville; Sam Woolridge, Versailles; W. A. Wade, Hubers; C. J. Meredith, Bowling Green.

A Danville dispatch says: A man was found in an unconscious condition on the railroad track just South of the station this morning. He was taken in charge by the City Physician and tonight regained consciousness sufficiently to state that his name is Millard Cleaves, of Louisville. The indications are that he fell from a train during the night. He is dangerously injured and there is but little hope of his recovery.

Next Sunday will be "Children's Day" at the Methodist church at 10:45 A. M. Solos, duets, recitations and songs will compose the exercises. Address on Sunday School work. Breaking of missionary barrels, distributing prizes, etc., will be done also.

The Primitive Baptists of Georgia have split on the use of organs in churches. In one district four churches were recently expelled for using instruments. Another point of contention is taking out insurance policies of any kind, the antagonists condemning such things, too.

Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Penny's Drug Store. 50c.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical medicine, a suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, causes nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—a general tonic to the system. For positive local help, use as well to the system.

MATRIMONIAL.

Miss Mayme Threlkeld, of Harrodsburg, and Mr. Frank Randall Eldrid, were married in Indianapolis.

A courtship of 22 years' duration, ended Friday in the marriage of Miss Leota Bradley and Mr. Clarence Simonton at Lebanon, O. The groom is said to have called on his lady love three times a week for 22 years.

"The late Joel Chandler Harris," said an Atlanta clergyman, "used to laugh at the way everybody seemed to want a free advertisement of some sort from the editor. It was the same, he would say, with the physician—everybody wants free advice on the health question from him."

"I once heard him tell about an editor who served ten days in jail for licking the Mayor. The warden treated him very kindly, and at the ten days' end, escorting him to the door, and shaking him by the hand, said:

"Well, goodbye, and good luck, Ed. And say, would you mind giving the jail a puff?"

Why James Lee Got Well.

Everybody in Zanesville, O., knows Mrs. Mary Lee, of rural route 8. She writes: "My husband, James Lee firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at Penny's Drug Store. 50c. and \$1. Trial bottle free.

McKINNEY.

Mr. J. S. Murphy and family contemplate moving to Texas.

Wm. Dayton, who has a lucrative position with the Southern Pacific in Louisiana, is visiting his mother. He says the railroad business is flourishing in the South and that the people hardly know there has been a panic.

The next enterprise on the industrial stage at McKinney will probably be a tobacco warehouse with stemery in connection. Some intimation of such an enterprise has been indulged in by speculators who have investigated the matter and believe it would be a success.

R. S. Sudder's string still bring in the blue ties. He has so far taken 56 blue ties and about a dozen reds this season, having shown against some of the best horses in the blue grass. He has refused some very flattering offers for his magnificent three-year-old stallion.

Miss Vella True, one of Falnoth's popular young ladies, has taken a position with the Fabra Drug Co. Clay Gooch and family, of Somerset, have been visiting relatives here. Mrs. A. A. True and daughter, Mrs. Jesse Basket, have been visiting Mr. Jno. Cocking and family. Miss Belle Gooch was one of the many guests at Olympian Springs last week.

Mr. John S. Beck, one of the cleverest and most prominent citizens and farmers in the West End, and Miss Elizabeth Laughlin, one of our fairest and most estimable ladies, were joined in wedlock's holy bonds at the Christian church here last Sunday morning. The happy occasion was not a surprise to their many friends and admirers as it was the result of a courtship of several months. Mrs. Beck is a sister of Mrs. Charles Wright, of this place, and formerly lived in Lexington. She is a very attractive and popular young lady. Rumor has it that Cupid is still very busy in this community and before long the wedding bells will ring again.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Foley's Orino Laxative cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Foley's Orino Laxative does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. New Stanford Drug Co.

DID you ever sit around outside your house on a Sunday afternoon, or of an evening, maybe, and watch the paint, and see it go, when it ought to be holding on tight?

Some paints are so poor that you can almost see them as they dry out, and crumble, and powder, and blow away.

Why do they do this? Why does this happen? Something the matter with the materials—too much lead, maybe, or poor oil, or not scientifically ground and mixed—might have been good materials but not balanced right for wear.

At this store we make it our business to KNOW what paint will wear—because it pays us to handle the kind that pays you. And that's why we handle MOUND CITY HORSE SHOE BRAND HOUSE PAINT—made of pure lead and zinc and aged linseed oil, the necessary drier and coloring matter—and nothing else. Every atom of every gallon of it is good paint. Paint that is balanced for longest wear, for finest looks and to spread over the largest surface to the gallon.

So much for the outside of the house, but don't forget there's a HORSE SHOE BRAND PAINT for every use—one for kitchen floors and steps—one for borders around rugs—one for screens—one for buggies, another for wagons, and one for practically every other purpose.

The best place in this town to buy paint is the place where they know most about paint and can help you and advise you what particular paint to use for the purpose, how to get the surface ready, how to put it on, and all that; things you naturally want to know to get the best results. So if you want the best paint and the best paint service (and you do, if you come here,) come here.
